# Benefits of Fleet Tracking

- **Improvement in driving behavior**  
Speeding, rapid acceleration and harsh braking alerts
- **Reduction in fuel costs**  
Excessive idling alerts
- **Prevention of unauthorized use**  
Use of fleet outside of normal business hours or business zones alerts
- **Real-time visibility into location**  
No need to rely on employees' mobile devices - updates every 90 seconds
- **Reduction in insurance premiums**  
Most major insurers offer discounts for vehicles equipped with GPS trackers
- **Technician tracking by customers**  
Display a map with real-time location of the tech (release in late August)

# Easy Ordering, Installation & Maintenance

- Order during initial purchase or through Support team

Units are shipped free of charge within 24-72 hours directly to the customer by our order fulfillment center in California

- Lifetime warranty

A replacement unit will be shipped at no charge within 24-48 hours if our technicians are unable to remotely troubleshoot the device

- Easy installation

The units can be installed in as little as 15-20 minutes by a mobile installer using a simple three-wire install method: power, ignition & ground

- 30-90 sec GPS updates

Near-real-time GPS update frequency allowing for granular tracking and real-time position information
